Webinar: Leading in Tough Economic Times

This webinar focuses on the tough questions leaders must consider when faced with challenges and opportunities during difficult times. We all know that there are no easy, “one-size fits all” answers. The good news is that no CRP leader needs to face the challenges alone; we will discuss possible strategies and insights to consider when leading in tough times; and how others are handling different situations. Due to the highly-interactive nature of the webinar, **registration is limited**. Register at <https://www2.gotomeeting.com/register/547328307>

Topics to be discussed include:

- Reinforcing the organization’s strategy, core values, and mission focus
- Partnering with other nonprofits to be more effective
- Getting in the habit of asking the difficult questions

Intended Audience:

CRP CEOs, CRP Executive Directors, and Senior Level Managers

Presenters:

- Ron Hoogerwerf; Training Manager – Distance Education, NISH
- Sabrina Harmon; Senior Training Programs Manager, NISH

If you have questions, you may contact the webinar administrator, Candace Barrigar, at 571-226-4584 or email cbarrigar@nish.org.
